

Russell George MS
Chair, Health and Social Care Committee

9 November 2021

Dear Russell

UK/Switzerland: Convention on social security coordination

You will be aware that the Legislation, Justice and Constitution Committee is responsible for the scrutiny and monitoring of non-trade international agreements in the Sixth Senedd.

At our meeting on 1 November 2021 we considered the UK/Switzerland: Convention on social security coordination.

The agreement establishes new post-Brexit social security coordination arrangements between the UK and Switzerland in respect of certain benefits, including access to reciprocal healthcare.

During our consideration we agreed to draw the agreement to the attention of the Health and Social Care Committee, in light of the impact of the UK/Switzerland healthcare arrangements in devolved areas.

Yours sincerely,

Huw Irranca-Davies
Chair
